Unified HCM Solution

### Modernize People Management

Paycor's HCM solution modernizes every aspect of people management—from the way you recruit, onboard and develop people to the way you pay them, retain them and build a company culture. From Payroll and Time to Recruiting, Benefits Administration with carrier connections and Talent Development, Paycor is a one-stop-shop for your HR needs.

Payroll Processing Setup

Report Across Products

Paycor's intuitive reporting tool allows you to combine HR, benefits, payroll and time data into one report, filter the data and customize it to your needs.
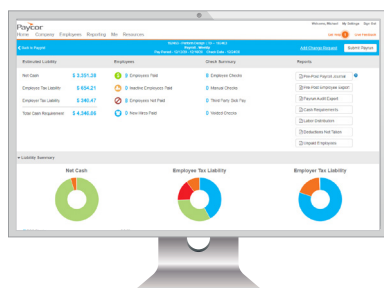

Self-Service Setup

With Paycor, you have the control to set up your own codes, including departments, earnings, deductions and taxes.
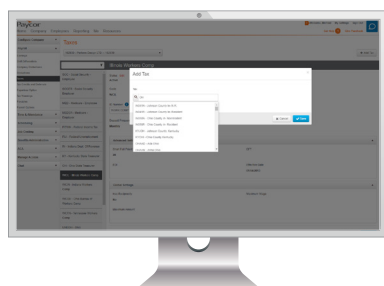

Payroll Processing Setup

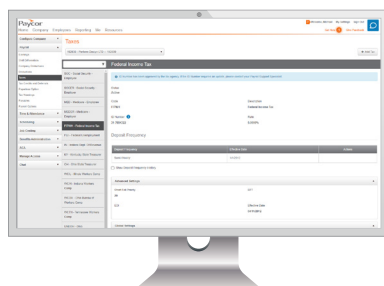

You Control the Process

You control when you submit payroll and we'll be there to remind you of your scheduled processing time. You even have the option to schedule your payroll to run automatically.

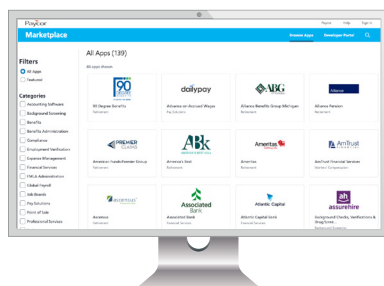

Greater Flexibility

Streamline your payroll processing with features like effective dating and expense reimbursement. You'll have more flexibility in how you pay your employees, including "how to tax" at earning code and check level and different default paygroup frequencies.

Reporting & Integrations

Robust Reporting

Paycor provides robust reporting across FEIN and products, including custom report options and custom General Ledger exports.
